

VENEER

Bowl, tray, jars, napkin holder

Nome: Veneer

Designer: Patricia Urquiola

Veneer

Bowl

Product Description

Veneer is a veil that delicately settles on the surfaces of the new products designed by Patricia Urquiola for Alessi. The rhythm of the decoration ripples over the volumes, creating a pleasant wave effect. The movement of the texture reinterprets the grain of wood in a controlled manner, almost creating an optical illusion thanks to the fluid lines floating over the surface. Veneer thus constitutes a dreamy and distinctive pattern.

Patricia Urquiola

Technical Notes

Veneer

PU06/21 Bowl in 18/10 in stainless steel with relief decoration - Ø cm 21

PU06/29 Bowl in 18/10 in stainless steel with relief decoration - Ø cm 29
